
create yellow sticky notes

Posted by masu - 2009/06/02 15:02

Hello,

i have a feature request.

will it be possible for future versions to create yellow sticky notes additionally to the Todo feature of Rainlender?

Yes, such feature is in my backlog. I don't know when it will be implemented though.

Any chance that sticky notes will be implemented into Rainlendar in the next version? I have been following Rainlendar for several years and I like the program but without the notes it is just like the desktop programs I already own.
