## Can I obtain anything like this?

Posted by vidario - 2006/10/30 11:42

---

I attach a screenshot to explain. I would like to have the to do list (and also the event list) as shown in the first screenshot....is it possible? [http://www.rainlendar.net/cms/components/com\\_joomlaboard/uploaded/images/Appunti01.jpg](http://www.rainlendar.net/cms/components/com_joomlaboard/uploaded/images/Appunti01.jpg)

I also had the same problem, so I figured it out.

You are trying to get items in your to-do list to "wrap" right?

You can do it through manipulating advanced settings in rainlendar.

To wrap my to-do list items, here is what I did:

1. Go to Options.
2. click "Advanced"
3. Scroll down to where you see "ToDoList"
4. Change the option on "ShowFullToDoSummary" to "True"

This caused my to-do lists to wrap around.

I hope this helps.

If you mean that you want the list to show multiple lines you can do that by setting Options->Advanced->ShowFullToDoSummary to true.
