Looking for skin to display 2 weeks instead of 1
Posted by BOBO - 2014/04/05 09:20

Hi everyone,

Is there a skin to display 2 weeks on my desktop instead of the standard 7 days ?
Or maybe some way to change my settings to accomplish that ?

Thanks a lot !

Welcome to the forum, BOBO.

What you want is the opposite as
www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=42&func=view&catid=8&id=16898
In your case, the only way to do that is to edit manually the file shadow4.r2skin/xml/weekview.xml (.r2skin is in fact a .zip file) and change this line to

Hello Jorge_Luis,

Thanks a lot that is almost perfect !
Would it now also be possible to make a change so that, when I click on the navigation arrows on my calendar, the view is also jumping 2 weeks back and forth instead of 1 week ?

Thanks again

---

replace
"Global_ChangeScheduleDay(-7, #WINDOW#)" with "Global_ChangeScheduleDay(-14, #WINDOW#)" in the "Week View.button.prev"
and
replace "Global_ChangeScheduleDay(+7, #WINDOW#)" with "Global_ChangeScheduleDay(+14, #WINDOW#)" in the "Week View.button.next"
