
re: install issue '\missing default.ics\' file....

Posted by botnot - 2009/10/16 10:11

23:43:27: WARNING: Default: The file "C:\Documents and Settings\Martha\rainlendar2\Default.ics" does not exist.

Above error found all through logfile, . Reinstalling to see if it goes away. There was some sort of message at install. I should have reinstalled, but was too tired!
