
Right-align Start/End Time in Eventlist

Posted by fire346 - 2010/04/28 02:17

Is it possible to have the event list show appointments like:

Today 28-APR-2010

Appointment 12:00 PM
Next Appointment 3:00 PM
Dinner 5:30 PM

as opposed to

Today 28-APR-2010

12:00 PM Appointment
3:00 PM Next Appointment
5:30 PM Dinner

Sorry if this is in the wrong category and thanks in advance.

Currently the times can only be in front of the event texts.
