## German dialogue on deleting recurring items flawed

Hi there,

I'm using Rainlendar Lite, Version 2.6 (b82).

The German dialogue for deleting recurring items says:

" Möchten Sie nur diesen einen Eintrag löschen? ("Nein" löscht alle Vorkommnisse)"  
(translated: "Do you want to delete this occasion only? ("No" deletes all occasions)")

Buttons available:

"Diese Instanz", "Vollständige Termine", "Cancel"  
(translated: "This instance", "Full entry", "Cancel")

i.e. there is no button "No", although suggested by the dialogue. Also, the Cancel-Button should be translated ("Abbrechen").

Maybe someone can correct that?

Cheers!
