
13 moon calendar

Posted by mikeg - 2010/08/28 20:00

How about adding option to use the 13 moon calendar: (<http://www.lawoftime.org/thirteenmoon/tutorial.html>)

Read Time and the Technosphere. The way we view time has a deep impact on our consciousness. Besides, it's a much more logical, natural and accurate calendar (doesn't require constant corrections such as leap years). Thanks.
