
Today\'s Date

Posted by fig - 2006/12/12 21:37

The red circle that used to be around today's date is gone. How do I get that back?

Did you do anything between it work and it not that may have effected it? Is the system time set to the right day/year?

it's gone for me as well after upgrading to b30.
when I use any skin other than the shadow4 skin, it's not indicating today's date :dry:
