## Error in new event dialog

Posted by natxoo - 2010/09/30 13:33

---

In basque (euskera) localization i've found an error in the event edit window, in the place to select the start/due date. I think it's a localization problem because changing language to english or spanish this does not happens

I've searched in the .po files that lines but didn't get them ¿?

Thanks <http://www.rainlendar.net/cms/images/fbfiles/images/rainlendar-eb98d335cba3f7b474d71201d6f2ca92.png>
