
update Shadow4-Languages.r2skin-addon

Posted by MaAnKo - 2010/10/31 03:45

Hello, I can't do this on my own, so can you help me? Can you update the Shadow4-Languages.r2skin-addon so the German views will be:

Month view = Monatsansicht

Week view = Wochenansicht

Day view = Tagesansicht

(and all day = ganztägig

ganz-

tägig)

Of course in the nice Shadow4 style! That would be really nice!

The German translations can be now found from the language addon.
