Hi,

there are notes in rainlendar? That means only notes not tasks. One the homepage here I can see a screen with todos (housework...)

Thanks

it would be cool to have a sticky on your desktop http://www.rainlendar.net/cms/images/fbfiles/images/test_image2.jpg

This isn't the best thing.

Rainlendar isn't the app to do stickies.

The text, width and height can be changed in the Options dialog for each one of the skin's windows. The font can be changed, but its the same for all windows.

Hi,

there are stickie notes from the pictures in rainlendar? For me stickie notes are important so I hope notes are possible in future.

Thanks.
