
Rainlendar 64 bits

Posted by ^WeSt - 2011/01/30 09:15

Hello,

Is there any version of rainlendar that is compatible with 64 bits systems? or the 32 bits version is working on 64 bits?

- Thanks!

Here you have all the release versions (32b, 64b both for Windows and Linux):

http://www.rainlendar.net/cms/index.php?option=com_rny_download&all=1

And here the latest beta (at this moment):

http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=42&func=view&catid=7&id=14320
