
Google Tasks API announced!

Posted by the oob - 2011/05/11 14:54

Good news everyone!

So it looks like that Rainlendar will/can support Google Tasks synchronization like Google calendar? After author's possible implementation of course :)

Welcome Firestone.
This post is a old one.

The initial support for Google Tasks was on version 2.9 BETA build 106
You can download now the latest beta (build 110)
http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=42&func=view&catid=7&id=15686 or wait to the forthcoming stable version.

See these for more info:

http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=42&func=view&id=15672&catid=3#15672

http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=42&func=view&catid=8&id=12772&limit=6&limitstart=12

or search for "Google Tasks" in the forum.
