
task recurrence

Posted by genp - 2011/11/15 19:36

The recurrence options in a task creation window are grayed out.
Is there any way to make a task recurrent ?

Welcome to forum. genp
Are you want to set recurrence for a google-task ?
At the moment, it only support recurrence for local-task.
And the local-task must has set the 'Due time'.
