## Weekly view without Saturday nad Sunday

Posted by rafalg78 - 2012/03/26 13:51

---

Hi, for me it will be useful to have possibility remove weekend from weekly view.

It is possible to do that but requires some work. You would have to edit the skin and change the daycount in the weekview.xml from 7 to 5. Rainlendar's help file has a skinning tutorial which explains how to uncompress the skin files and how to edit them.
