
Customize Todo status list

Posted by cedricsuire - 2007/01/11 09:08

Hi everyone, I'm a new Rainlendar user.

I would like to know if it is possible to customize the Status list in the "Todo" window ?
The default choices are "Not started", "In progress", "Completed" and "Canceled".
I would like to add other status such as : "Waiting for someone"...

I've searched the forum but found nothing about it...

Thanks !

The status values come from the iCalendar standard. It's not possible to customize them.
