
Weekend event move

Posted by Old Dog - 2012/06/20 12:30

Have a setting for moving events that happen on the weekend to the day before or after the weekend. In other words; events that happen on Saturday you can set it to show on Friday before or Monday after.

Welcome to the forum, Old Dog.

What you want isn't possible using the iCalendar format. The dates needs to be fixed. Any kind of moving event only can be done as a script, e.g. the Easter date.
