Bonjour

avec la version 2.10 l'addon "shadow4 widgets" ou "statica weather" dans la meteo je n'ai plus l'indication des températures journalières. Seulement les icones ne prend pas en charge toutes les indication de villes exemple "yaounde" me marque "new york"

@+

Hello

version 2.10 with the addon "shadow4 widgets" "or" "Statica weather" "in the weather I have no indication of the daily temperatures. Only icons does not support any indication of cities example " yaounde " mark me " new york "
