
remind repeat

Posted by nickname - 2012/07/09 06:21

Hello,

is it possible to use a remind repeat the 5 days in a week "without" weekend?
I can't find this... only 1 day or one weekend...not 5 days...

My Reminder should go ever, so its not useable to erase the weekends manual.

kind regards
nickname

You can try this :

Setting "Repeat every 1 weeks", and then checked all the weekdays except weekends.
