## event list for the month

Posted by just\_anything - 2012/08/12 12:20

---

hi..  
is it possible to view event list for the same month if i change the month in the calender window.  
Eg if i change to October, is it possible to view all events of October month in the Event window.

thanks in advance.

That's not possible but I guess there could be a separate mode/view for it. I'll add it to my backlog.
