## Warning window?

Posted by IRISS - 2012/08/13 11:18

---

Hello!! I want to ask about a window when turn on Rainlendar2.

I press cancel, but the next time when I open the Rainlendar2 reappears. I use the 2.11 b122

It appears also this window:

When I want to create a new event appears this

Something is wrong with your plugins. Try extracting the beta into an empty folder and see if it works then.
