
License never arrived

Posted by PedroSilva - 2012/08/29 05:38

Hi,

I bought yesterday through paypal the pro version, but the license never arrived. I've also sent an email to the support, and got no answer.

Is anything wrong? Do I need to ask for a refund through paypal?

Best Regards
Pedro

Give him a day or two. You'll most probably get it soon!
