Google sync

Posted by DenShaw - 2013/02/17 07:01

_____

I change passwords periodically and did so on my google account. Rainlender will not sync because of this and I have searched and cannot find where to change the Rainlender login info to access Google.

Please advise

Thanks,
Dennis

_____

Right click -> Options... -> Calendars -> select the Google Calendar -> change the password in the options' list below.
