
How to Switch Between Skins?.....

Posted by IceCake - 2007/01/20 09:26

Hello all. :)

I'd like to say that this IS a great tool that you have come up with, I've been using it for years, and can't seem to go without it as far as keeping myself up to date with appointments, B-Days, events, etc. B)

That aside, I'd like to know how to switch between the different skins that I've downloaded, can't seem to figure that one out.

Thanks. :)

Skin installation is explained in the FAQ. Changing the skins can be done from the config dialog.
