## Mismatch Russian localizations

Posted by Jorge\_Luis - 2013/05/13 13:29

---

I receive an email pointing to some errors in the Russian translation.  
I check them with Google Translator:

TODO LIST title window (todo-bg-Russian) is "! /" (today) instead of " ' " (tasks)

The EVENT LIST title window (events-bg-Russian) is "! + " (event, single) instead of "! + "/" (events, plural).

=====

Thanks. I'll change those.
