Hello Rainy,

New updated translation to build 129 (v2.11.1): Portuguese Brazilian (pt\_BR).

[http://www.rainlendar.net/cms/index.php?option=com\\_rny\\_localization&show=brazilian](http://www.rainlendar.net/cms/index.php?option=com_rny_localization&show=brazilian)

The actual installer is using an old version.

Thanks! Regards. :)
