
todo list color

Posted by Shearerdk - 2013/05/28 12:21

hey

where can i change the color (now white) for the %completet on the todo.

=====

Do you mean the progress bar behind the text? It's an image called Todo-Progressbar-Large.png in the Shadow4 skin so you can just edit it to change its color. You can find instructions how to edit the skins from Rainlendar's help.
