
Wrong date display in manager

Posted by Beat - 2013/06/18 06:48

the Date for the event "Mary Duly" is in the Manager shown as June 19. Correct is July 22. This shown in the ics file (see pictures). Google calendar shows correct date, too. Is this a bug or did I do something wrong?

Can you attach the event? You can export it in the iCalendar format from the File menu in the Manager dialog.
