## Past date format

Posted by mav - 2013/06/20 18:14

---

Hi. I want to ask for something. On ToDo List i set sorting method by "Start Date". Now, i get "Saturday 2 last weeks ago" etc. It is possible to add or replace this by only passed days, like:

Something (16 days)

Another thing (2 days)

Thank you.

It's not possible to remove the headers from the list but the header format can be changed from Options->Advanced->"Task list header format".

Oh, thank you. Well, this was obvious.. Work very good! %D shows negative value of passed days - exactly what i need.
