## Add \"Show Buttons\" option to \"Grid Calendar\"

Posted by jeremygharrison - 2013/09/05 05:05

---

A feature I feel really missing in Rainlendar2 is the ability to "Show buttons" (next and previous) on "Grid Calendar" (this is on Shadow4 skin). It only seems to be available for the (individual month) calendar view (but the buttons do then affect what is shown on the grid calendar)

I'll see if the buttons could be added to the grid calendar too. You can however use the cursor keys on the keyboard to change the month in the grid calendar too.
