Is there a skin to display 2 weeks on my desktop instead of the standard 7 days ?  
Or maybe some way to change my settings to accomplish that ?

Thanks a lot !

Welcome to the forum, BOBO.

What you want is the opposite as

Hello Jorge\_Luis,

Thanks a lot that is almost perfect !

Would it now also be possible to make a change so that, when I click on the navigation arrows on my calendar, the view is also jumping 2 weeks back and forth instead of 1 week ?

Thanks again

replace

`"Global_ChangeScheduleDay(-7, #WINDOW#)"` with `"Global_ChangeScheduleDay(-14, #WINDOW#)"` in the `"Week View.button.prev"`

and

replace `"Global_ChangeScheduleDay(+7, #WINDOW#)"` with `"Global_ChangeScheduleDay(+14, #WINDOW#)"` in the `"Week View.button.next"`
