## How do you made this awesome logo on this site?

Posted by Elena Lauder - 2007/03/09 18:20

---

Hallo

My question:

How do you made this awesome title/logo?

<http://www.rainlendar.net/cms/templates/rainlendar.net/images/logo.gif>

Did you use a photoshop style or action script?

Thank you in advance for answering me.

Warm regards

Elena

Thank you very much indeed for the answer!

I have searched also and I have found this tutorials for a chrome text, but your effect looks more better:

I recall back to the Amiga days when a Kara font would do this just by typing the text. Shame there are no color fonts in windows.
