
STRIKETHROUGH

Posted by Halcor - 2007/12/31 08:37

I want that in todo list, completed item are cross out.

And:

But

http://www.rainlendar.net/cms/images/fbfiles/images/no_cross_out.jpg

As you can see the to do text (grey) is not crossed out.

¿Where is the problem?

I can't edit, it don't show my code

Can you attach the skin? It's very hard for me to know what could be wrong if I cannot try it myself.

I Solve the problem when I upgrade R2.2 to R2.3

But you should solve the problem when someone try to put code in the forum.

Such as:

I put the code as you can see in the image, but when I press submit, it dissappear.

i read through all the "strikethrough" threads and followed them all, but so far i haven't got it worked yet.

here's what i did:

i changed the line="UNDERLINE" to ine="STRIKETHROUGH" for the "font.normal.strikethrough" in the elements.xml".

i also changed the "font.normal" to font.normal.strikethrough" for the completeditem in the "todolist.xml"

i'm using the newest version (2.3), please help me. i want it to look like this (i cannot contact the guy who did this)
