## How to Upload A Skin?

Posted by Tweak\_BL - 2008/03/15 23:34

---

I know it is a silly question but how does one go about uploading a skin for the Rainlendar community to use?  
Can we use the Contact E-mail, or do you have a different way?

---

Just upload them to Customize.org. The skin list will pick them up from there.
