
Rainmeter causing CPU to increase to 50%+

Posted by p1ngp0ng - 2008/08/15 18:55

For some reason when i start Rainmeter now, my CPU increases to 50% +

Any idea why this is happening?

I'm running Latest Rainmeter 64bit on Vista x64 SP1.
Centrino Dual Core 2.2 Ghz 2GB Ram
