Events and ToDo backing transparency

Posted by Yuppa - 2008/09/04 23:23

_____

I want to make the black backing behind my Events and ToDo's invisible. I could swear I had changed their opacity before, but I can't remember how to do it. Can someone help? I'm using a dark wallpaper and the semi-opaque dark boxes behind my events and ToDo's just don't work. Thanks in advance!

_____

You can do it e.g. like this:
http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=36&func=view&id=5936&catid=3#5932
