## Change \"TO DO\" text to something else

Posted by shemait - 2009/02/01 01:46

---

I believe this would require editing the actual "to do" image itself, but I was hoping there was some other way around it. I want it to say "TO BUY" but I am not good at graphic editing... Any suggestions/assistance? Thank you!

The text is in the background image so you would have to edit it.

Thanks for your help! Do you know what font it is?
