
vertical weekdays

Posted by anja - 2006/11/24 07:01

Is now a vertical calendar with the weekdays possible?

Example

Fr 24

Sa 25

Su 26

THx :cheer:

and the next question...

I have the skin now vertical, but every month begins with monday.

How can i change this?

It's a bug in Rainlendar. Will be fixed in the next build.
