
Colour fonts

Posted by jaybee - 2006/11/27 10:50

In the other version I used I could configure the skin so as to have the weekdays and the weekends as colours that I wanted to use, is this still an option and if so how do I change them.

=====

If you want to change the colors you need to edit the skin. See:

http://www.rainlendar.net/cms/index.php?option=com_joomlaboard&Itemid=27&func=view&id=252&catid=3
