
PSD file of Language skin addon for Shadow4

Posted by wandererm - 2009/04/18 04:55

I want to modify and update the Traditional Chinese PNGs,where can I find it?

=====

Posted by Rainy - 2009/04/23 12:12

You can use the widget addon template: <http://www.rainlendar.net/download/Language%20Template.psd>

Or just tell me what the texts should say and I'll update the images.

Traditional Chinese

To suit Shadow4's Font Style.

Please use this font 'wqy-zenhei.ttc'

<http://wenq.org/enindex.cgi>

in wqy-zenhei-0.8.38-1.tar.gz

http://sourceforge.net/project/showfiles.php?group_id=128192&package_id=242056

This font also apply Japanese besides Simplified and Traditional Chinese Character.

Thanks very much. ;) http://www.rainlendar.net/cms/images/fbfiles/files/Traditional_Chinese_UTF8.txt

http://www.rainlendar.net/cms/images/fbfiles/images/Traditional_Chinese_Character.png

Can the text be antialiased or is it better not to use it? <http://www.rainlendar.net/cms/images/fbfiles/images/texts.png>

=====

Re:PSD file of Language skin addon for Shadow4

Posted by wandererm - 2009/04/25 03:48

Yeah! It is better not to use antialias, Thanks.

Re:PSD file of Language skin addon for Shadow4

Posted by Rainy - 2009/04/26 09:00

I updated the language addon. There are some other changes to the languages too so you need to use the latest beta version: http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=36&func=view&id=9788&catid=7

Re:PSD file of Language skin addon for Shadow4

Posted by wandererm - 2009/04/26 10:17

Thanks!

but you forgot to modify Chinese (Traditional) & Chinese (Simplified) language tag name content in language.xml.diff.

=====

Re:PSD file of Language skin addon for Shadow4

Posted by Rainy - 2009/04/26 11:14

That's fixed now.

i've created bulgarian version...

<http://www.mediafire.com/download.php?wzccgymimom>

but also i want to translate the months, days of shadow skin.... and the labels of EVENTS and TO DO
can u tell me where i can find the psd files?

Re:PSD file of Language skin addon for Shadow4

Posted by wandererm - 2010/02/26 03:45

Hi, Rainy, Google offered their Droid font under free licence.

So wenq.org adapted this font for CJK users.

https://sourceforge.net/project/downloading.php?group_id=128192&filename=wqy-microhei-0.2.0-beta.tar.gz&a=95328517

Could you applied this font in Traditional Chinese Shadow4 Skin to replace old one?

Re:PSD file of Language skin addon for Shadow4

Posted by Rainy - 2010/02/28 04:22

Sure, but since I don't how to create the proper Chinese characters I need the texts so I can copy them to the template.

Here you are~

http://www.rainlendar.net/cms/index.php?option=com_kunena&Itemid=42&func=view&catid=9&id=9740#9780

Is there any new string in the last version?

Re:PSD file of Language skin addon for Shadow4

Posted by Rainy - 2010/03/06 08:52

Totally missed that.

I updated the language pack for the beta releases: <http://www.rainlendar.net/download/1.6/Shadow4-Languages.r2skin-addon>

There are few new strings coming in the next version: "Day View:", "Week View:" and "Translate:"

Re:PSD file of Language skin addon for Shadow4

Posted by wandererm - 2010/03/06 09:30

Thank you, Rainy! <http://www.rainlendar.net/cms/images/fbfiles/files/NewString.txt>

And I think that the text should look better if it was antialiased using this font.

<http://www.rainlendar.net/cms/images/fbfiles/images/sidebar.png>

Re:PSD file of Language skin addon for Shadow4

Posted by Rainy - 2010/03/09 10:03

Ok, I'll create a new version with antialiasing. You'll have to wait a while though since my laptop broke down and I don't know when I get it back from the repairs.

Posted by Rainy - 2010/03/13 14:22

I updated the language pack. The texts are now antialiased and the event and task graphics should be fixed too.

Re:PSD file of Language skin addon for Shadow4

Posted by evanade - 2010/07/27 00:59

Hello Rainy

New string for "translate" and "3 view" and "all day"

And "Creat New" might be changed because last version means "new events" only

Choose Tranditonal Chinese fonts issue maybe you can try Traditional Chinese ClearType fonts.

Download here:

<http://www.microsoft.com/downloads/details.aspx?FamilyID=87e726a9-5c79-4a73-9347-78a557314d0b&DisplayLang=en>

Other strings can refer to the localized .po file

I don't have PS and don't know how to use it.

I hope that you could help us.

Wait for your good news.

THX!
